

Step 1: Download the software

- Visit our homepage
- Open "Download"
- Select a product category, e.g. DCX
- Select the software and click on Download

Downloads: 3		
Manual DCX Software		
Size: 1.69 MB	Download	
For DCX.Server and DCX.Client software		
Software DCX.Client 2.0.0.2 000		
Size: 5.32 MB	Download	
MS-Windows 10		
Software DCX.Server 2.0.0.3 mm		
Size: 5.17 MB	Download	
MS-Windows 10		

Setup_Windows_DCXServer_V2_0_0_1.exe

Step 2: Software installation

2.1 MS-Windows

- Execute the setup file "Setup_xxx.exe" as administrator
 - Follow the instructions of the setup program
 - Press "Next" to start
 - Install the software for "Anyone who uses the computer", if displayed
 - Finally you find the program icon at the desktop / program menu

2.2 macOS

•

- The download installs the program in the download folder
- Move the program into the "Application" folder

Activate the license

If the window shown below appears after starting, the software license is not yet activated.

What do you need for activation?

The **invoice number** and the **installation key**. Tipp: Double-click on the installation key number to copy it to the computer clipboard.

Request the activation via Web-Form

Press the button "Release license…". Your default internet browser displays a form. Enter the required data. Finally submit the form. Note: **You will be informed about the activation by EMail.**
